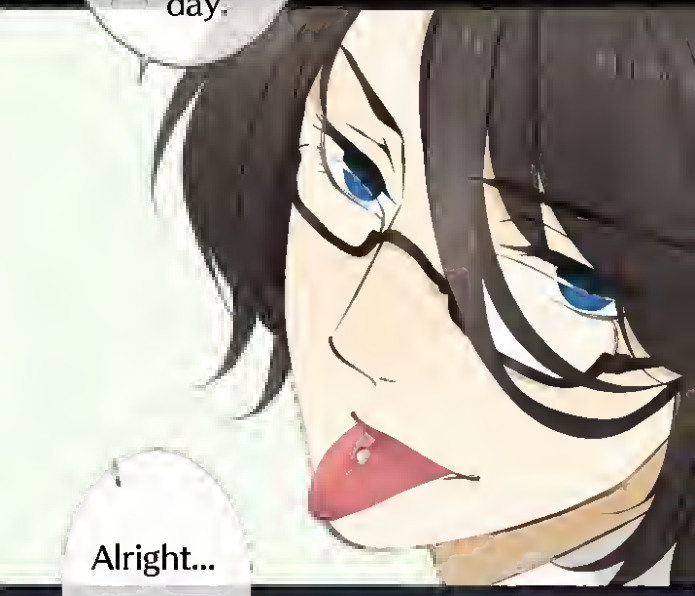
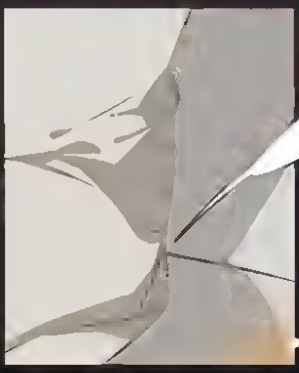
Divination Office
Ah, professor you're back. Wang Dong is waiting for you, sir.
Tell him to go home. I'm not in the mood to divine anything today.
But sir, he's already been waiting since this afternoon...

So what? I'm not in the mood to divine today. Tell him to come back another day.



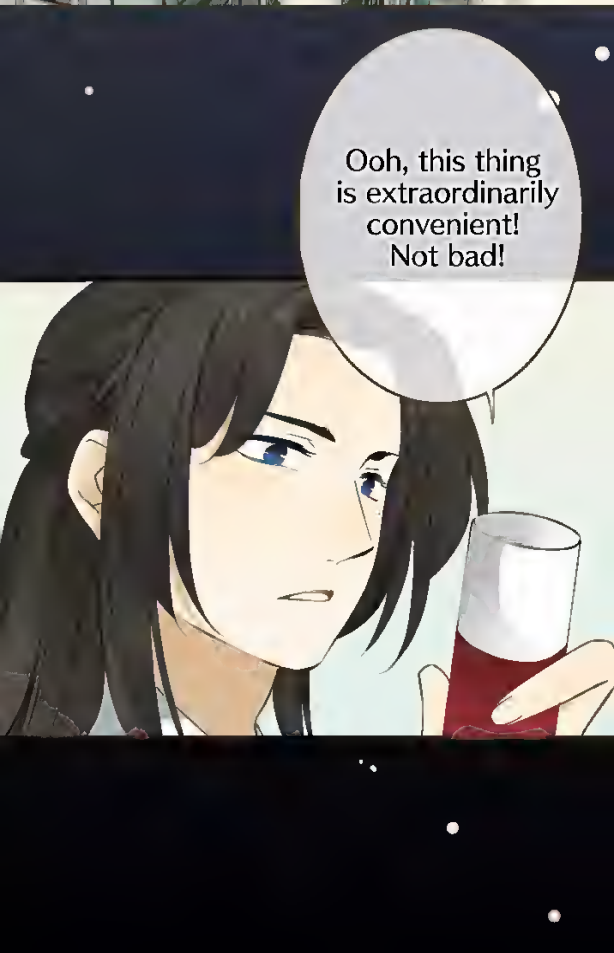
Alright...

You are so headstrong~



They all come back eventually...
Grab
Isn't that right, brother Lianfo....

Are you sure you don't want to see a doctor, brat?
Just use this spray for now. We'll go to the hospital for a full examination tomorrow.



Ooh, this thing is extraordinarily convenient! Not bad!

Mmhm it's extraordinarily convenient. It's an obvious essential to protect against falls.
Reviewing materials for tomorrow's examination
Lower your pant leg immediately, brat!

Huh? But I'm not cold, plus I just put medicine on it.

Then cover it up as soon as the medicine is dry. What will people think of a girl indecently exposing herself like that?

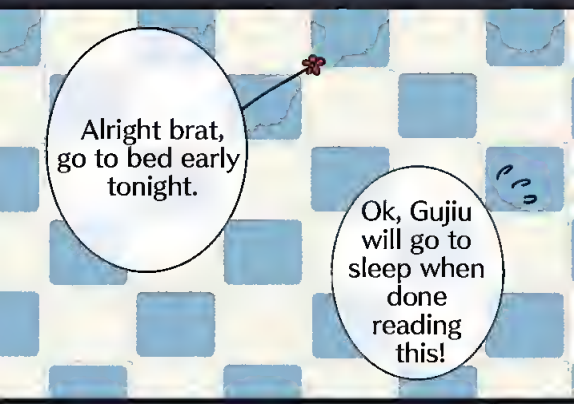
In front of a man no less

Dumbfounded---

Lianlian, is this a custom where you're from?
Is it not the same here?
Of course not~~~
Good lord. Lianlian truly is a yokel. No, yokel is too light. He's a real fogey. How many thousands of years ago does he come from?
Anyway, you really must pull your pant leg down or put some socks on!
Fine...
Stealing glances...
Lianlian, that time this afternoon were you looking for someone? Did you know them?

Hm just think about it.
Dodging the question
Then that person also travelled through time?
Does that mean you've already found a way to get back to your time?
Clever brat.
Do you want to go back, Lianlian?

.....
I'm not leaving for the time being...
pinch~
Really? That's wonderful!



Alright brat, go to bed early tonight.
Ok, Gujiu will go to sleep when done reading this!

closes---

Unhappy---

That man was not my brother. They're so different, yet so similar. But how could he tell at a glance that I'm not from this world?

Fwap!
If you ever require my assistance don't hestiate to find me. Come anytime.

But I don't know how to read these characters...
I'm back!
Cousin, you're so late!
You're one to talk! I've been looking for you guys this whole time! You don't have a cellphone, honestly... I can't believe you just ditched me!
I was also looking for Lianlian this afternoon, we must have barely missed each other!
Wah? Master? Is missing?!
No, he's on the balcony!

Master, master
I bought you some clothes when you went home!
Try them on!
Oh, and most importantly, as master requested; loincloths!
Tada!!!
7 pairs
Tada!!!

*Red = lucky colour in China.
People from your time are very super-sticious so I specifically picked red for you!
Aren't I thoughtful~
But I didn't know master's exact measure-ments...so I just guessed based on your height. Is that ok?

Do you want to die? There's no way I'm wearing this suspicious thing!
Punch!
Hmpf
Maaaster I don't want to become a distant star yet~~~

Announcements

@ person who has been translating into arabic using our english translation without permission & removing our credit

Kindly contact me on batoto or tumblr and I will provide you with the cleaned raws we use.

If anyone else would like access to the raws for purposes of translation please don't hestiate to contact us.

It has also come to my attention that this series has been improperly tagged as tragedy. This is a mistake, it is NOT a tragedy. I repeat NOT a tragedy.

Efforts to remedy this mistake on aggregate sites would be much appreciated.

Chinese-> English -> Arabic

H-how peculiar, looking closer I realize I've never seen the kind of things in this base before
Base? Like I said this is my house!
What? This is your manor?!
Manor? Oh right in the old days people used that word
Uh.. It should be
قاعدة ؟ هدا منزلي
اه نعم
